

E-Portfolio Anchor Assignment for Landscaping

James Simmons

Assignment: Students are to create a sketch of a landscaped yard and produce a scale model of the sketch. The sketch will be scanned into their portfolio.

Standards addressed (From Performance Standards, New Standards): E2b, E4b, M1a, M2e, S3a, S5f, S6b, S6d, S6e, S8d

Expectation #1

HOME DRAWING

- 1) Footprint must be 22' x 32'
(Imprint of house – the dimensions)
- 2) You must have a driveway and a walk to each door (2 doors). Walks can be connected at some point.
- 3) You must have a deck that is at least 6' x 10' (60ft²).
- 4) You must show 5 different species of trees or shrubs and there must be at least 5 individual tree/shrubs of 2 different species of tree/shrubs.
(Minimum of thirteen shrubs; 5 of one species, 5 of another species and 3 individual species)
- 5) You must show at least 20' of hedge using 1 of your shrub species.
- 6) You must show 3 different species of ground cover (living plant).
- 7) You must add two of the following: a pool, a gazebo, patio, or shed (or other approved).
Create a scale and a key. For your key, use colors to represent the different plant varieties.
Use numbers for plants and letters for hardscapes.
